LA-E5P

Industrial class air pillow system

- Heavy duty industrial design, support 7*24h peak season.
- Up to 98ft/min, ensure high productivity.
- No blade and Teflon belt design, maintenance free.
- Max length of 7546ft per Roll*, minimize the change over cycle. *0.5mil.
- Strong sealing of ultra low defectrate, reduce waste.

PN code	Description	Speed (ft/min)	Machine Size (inch)	Machine Weight (LBS)
60A01153	Industrial class air pillow machine	98	15x15x14	42

Model Options:

EC2007-G-S-S		ET1009
		
PN code	60A06010	60A10010
Description	Mobile basket	Simple piping system
Max. film width(inch)	16	10
Dimension(LxWxH inch)	31.5x31.5x31.5	39x18.5x115
Weight(LBS)	70.5	209

* Remark: ET1009 needs to be used in combination with ET1005/ET1007

Film Options:

PN code	Model	Specification
90S01005	MEY-H-05-08-5-L	.5mil HDPE, 8"x5.0", 7546', 96R/PL
90S01006	MEY-H-05-08-8-L	.5mil HDPE, 8"x8.0", 7546', 96R/PL
90S01015	MEY-H-08-08-8-L	.8mil HDPE, 8"x8.0", 4790', 96R/PL
